Profile

An experienced Web & Mobile developer is one of my target in the future but I also want to learn other areas to gain more experiences.

Learning path is a long path for me so I am always eager to learn new things.

Joined in some activities:

- Mobile Development Hackathon - Amsterdam
- World Summit AI - Amsterdam

Experience

Front-end Web Development 10/2019-4/2020
Internship, Roche Diagnostics
GmbH - Penzberg, Germany

- Web Application development: implementation of the front-end in Oracle Application Express by SQL, PL/SQL, Javascript and RESTful services
- Intensive usage of several RESTful services between APEX and Camunda BPM workflow and decision automation platform
- Using Postman for testing APIs.
- Processing of data retrieved by RESTful services and dynamic displaying of these on the frontend
- Participation in project team, support in IT related topics
- Evaluation of alternative implementation options

Software Consultant 3/2019-7/2019
Trainee, Netcompany - Copenhagen,
Denmark

- Working with Web Front-End Development using Angular8 Typescript
- Using Azure DevOps to manage project workflow and Sourcetree as a version-control system to control different features and branches

Full-Stack Trainee, Wortell - Lijnden, the 9/2018-1/2019
Netherlands

- Developing Frontend Mobile Interface by using React Native and Backend data processing by Python and Flask.
- Using REST service to query and retrieve data from the server
- Apply voice and image recognition algorithm into the application.
- Analyze voice frequency and human-faced image to get result for the graph

Education

Bachelor degree in Computer Sciences, 2016-PRESENT
Turku University of Applied Science
TURKU, FINLAND
GPA 4.5/5

Hogeschool van Amsterdam - Exchange 9/2018-1/2019
program - Mobile Development
AMSTERDAM, THE NETHERLANDS
GPA 8/10

Skills

Programming languages

Javascript, Typescript, Python, Java, HTML, CSS

Web technologies

React, Angular, Node.js, APEX, REST, GraphQL

Database

SQL, PL/SQL, MongoDB, Firebase

Web Hosting

Heroku, Firebase

Version Control Systems

Git, Sourcetree

DevOps

Docker, Azure DevOps

Accomplishments

Elements of AI - University of Helsinki
and Reaktor

5/2019
